THE "BELLE OF THE BALL."

Would not have been half so charming if she had not been wise as well as "pretty."
The reason is easy to find. Rare Perfumes lend added charm to beauty and the above young lady was posted. Backed up her judgment, too, by supplying her "perfume wants" at the right place;

PUTNAM STREET DRUG STORE.

The "Belles" all know our stock of "society odors" is most complete. One thing is certain—you may forget us, but the remembrance of our DELICATE, RARE and LASTING perfumes will linger longer with you than the memory of the "last rose of summer."

—The Morgantown football team, with which Marietta hoped to get some games this year, has gone to pieces. Marshal Devanney, and the news of her death was received with great sorrow by the attaches of the building, to whom she was well known, and by whom she was well liked. Mrs. Mason was only about 28 years of age. She was of an affable and courteous disposition that made for her many friends, and her efficiency as stenographer and clerk in Marshal Devanney's office made her services invaluable. Marshal Devanney and Bailiff Rulison will attend the funeral. The attaches of the offices of the District Attorney, Clerk of the Circuit and District Courts and the Marshal will send beautiful floral emblems. THIRTY-SIX TO NOTHING.

Marietta-Denison Game won Easily by the Home Team.

After trying for three years to get a game with Denison University football team the Marietta College eleven was successful on Friday afternoon and won by the large score of 36 to 0. The attendance was light and the grounds in poor condition.

The game started by Denison kicking off and the visitors opened up with a fast, scrappy game. It soon became apparent, however, that they were outclassed and at no time was Marietta's goal line in danger. Denison's line was opened up and battered down time and again for long gains, McLaren making many brilliant plunges. Wiltsee, left half back for the visitors, played a fine tackling game, but couldn't win it alone. Touchdowns were made by Bowie, Donaldson, Jones, Noll and Feisley—seven in all. Jones kicked goal four times in the seven trials.

Two twenty-five minute halves were played. Following was the line up:

DENISON.	MARIETTA.
Deeds.....Left End.....	Jones.....Right Guard.....
Thompson.....Left Guard.....	Noll.....Center.....
Thompson.....Center.....	Warner.....Right Guard.....
Megam.....Right Guard.....	Donaldson.....Right Tackle.....
Snyder.....Right Tackle.....	Fankhauser.....Right End.....

Give the Boys a Lift.

The football boys came out at the little end of the horn yesterday afternoon. The cost of bringing the Denison boys was \$75, and the gate receipts were only \$50. If the people of Marietta want to see football played here they must of necessity put up for it, or the playing must be given up.

It is probable that the boys will circulate a subscription paper to get a lift.

The next game will be played November 7th, at Cattlettsburg, Ky., with an athletic team of that city, a team that has beaten all the teams of Kentucky; nor has it been defeated in two years.

No more games will be played here until the boys have an assurance of financial support.

Did you ever wonder what that heavy weight on one side of a locomotive wheel was there for? Anyone who understands mechanics knows the need of a counter-balance to equalize power and keep the machinery going with a steady even motion. Without it the machinery would wrench itself out of shape. It is the same way with the machinery of the human body; it needs to go on steadily and regularly to be in good health—not by fits and starts. The sudden wrenching medicines which people sometimes take to overcome constipation, give a violent strain to the intestines which weakens them, so that the costiveness is afterwards worse than before.

What costive people need is a natural laxative like Dr. Pierce's Pleasant Pellets which are powerful without being violent. They move the bowels gradually and comfortably but surely. You can regulate the dose—one, two or three "Pellets"—exactly as you need. They strengthen the intestines to do their own work, so that after their movements have become regular they keep on naturally of themselves.

The "Pleasant Pellets" gently stimulate and invigorate the liver to throw off biliousness; and tone up the stomach to secrete the digestive juices, and overcome dyspepsia. The entire digestive, or alimentary, tract is put in motion in the regular steady way of nature and health. This is what makes the "Pleasant Pellets" so immensely superior to the numerous purging pills which wrench and weaken the system. Druggists may get more profit out of those other pills but you don't.

The "Pleasant Pellets" are tiny sugar-coated granules—40 or more in a little one-inch vial tightly corked, hence, always fresh and reliable.
